LONGER PLAY
CONTINUOUS PERFORMANCE

UHER UNIVERSAL

let the
performance
decide!

SPECTACULAR

HIGH FIDELITY PERFORMANCE

UHER UNIVERSAL

TAPE RECORDER

1

AUTOMATIC CONTINUOUS PLAYBACK

A "good trouper" . . .
your **UHER UNIVERSAL TAPE RECORDER**
can be set to repeat
automatically . . . *ad infinitum!*

2

LONGER PLAY—up to 8 HOURS RECORDING TIME

+

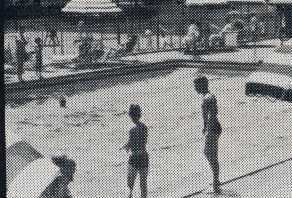

NEW! SOUND-ON-SOUND

"Trickkey" arrests "eraser" . . .
you can record anything over anything
any number of times . . .
duet, trio or quartet with yourself . . .
be your own orchestra, all the actors
in a play, or both! Fun for amateurs . . .
invaluable for professionals.

background music
for your home,
hotel, restaurant,
cabaret,
office or factory

continuous showings
of synchronized
slide projector material

TAPE 3 SPEEDS

15/16 ips—8 hours—40— 4000 CPS

1⁷/₈ ips—4 hours—40— 8000

3³/₄ ips—2 hours—40— 16000

super-low speed gives highest tape economy—
you'll be amazed at the faithful reproduction
even at 15/16"/ips

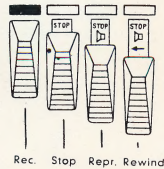

super-sensitive
... reproduces tone for tone,
overtone and undertone ...
every nuance

REMOTE
CONTROL

DYNAMIC MICROPHONE

with 4 master controls ...
record ... stop ... rewind ... playback

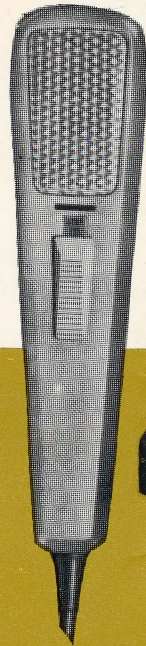

4

+ MONITORING

With Model 650 high quality
crystal earphone you can
monitor your recordings.

Hear what you record as you
record.

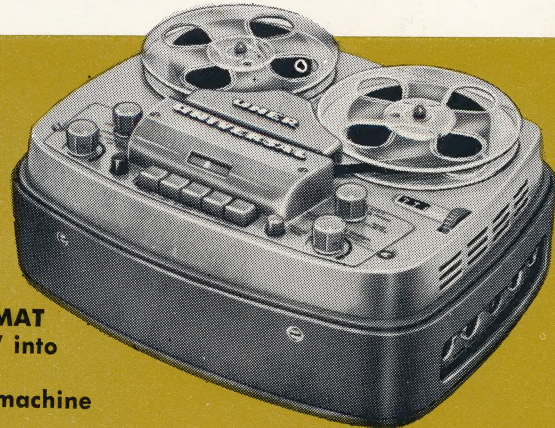

5
**AUDIO
ACTIVATED***

**starts and stops
at the tap
of a baton**

Attention: sound sleuths, reporters, amateur, professional.
Here are "private ears" for "private eyes". Catch the voices
of mike-shy animals ... or a roomful of unsuspecting people
... capsule a conference ... record ... a novel or a letter.
A simple magical attachment makes your "Uni" start and
stop at the sound of your voice ... or a voice on the tele-
phone. Your hands are free ... your time is free. Tape your
LP's, your favorite FM performances, even "in absentia".
1001 uses!

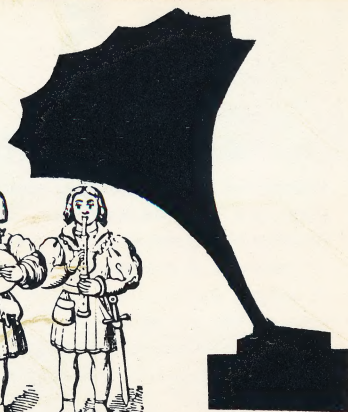

*
Exclusive
UHER AKUSTOMAT
turns your "Uni" into
a fully
audio-operated machine

6

TRANSISTOR MIXER

mixes 5 different signals at the same time—e.g. — mike, radio, phonograph, different instruments, even telephone pick-up—all with concert quality performance

7

**5 INPUTS — MANY MORE
USES**

- 1) for Radio-Phono — plus Microphone, Telephone Pick-Up, Transistor-Mixer
- 2) for Remote-Control Microphone — plus Remote Control Switches
- 3) for Loudspeaker — plus Earphones and PA System
- 4) for Akustomat
- 5) for Remote Control

perfect balance **8** with perfected

MODULATION CONTROL

before: just match the magic bands and you've custom-set your "Uni"

during: then the Automatic Modulation Control takes over

forever: that's why you get a perfectly balanced performance with your "Uni", every performance

TWIN VOLUME CONTROLS

(record/playback)

9

the recording volume control works independently—no ups and downs in the playback

self-contained

10

SPEAKER SYSTEM

**also output for
TAPE DECK OPERATION**
